EXPERTISE SKILLS

- C, Python, Java
- MERN, MySQL
- Network Security
- OSINT Analysis
- Figma Design

CERTIFICATIONS

- Linux 100 (TCM Security)
- SQL Intermediate (HackerRank)
- Python (HackerRank)
- OSINT (TryHackMe)
- Sawit AI (GUVI)
- Data Structure in Python
- Cisco Network Security
- Microsoft Azure AI Challenges

01

PROFESSIONAL PROFILE

Passionate cybersecurity practitioner and learner, dedicated to applying my skills in software development to secure and innovate in tech. Aspiring Full Stack Developer, actively honing cybersecurity techniques to build secure, high-quality applications. Eager to collaborate on meaningful projects and enhance user trust.

02

EDUCATION

Sri Shakthi Institute of Engineering and Technology,
B.E in Computer Science and Engineering (Cyber Security)
2023-2027

03

PROJECTS

• Health Management System

Developed a comprehensive health care management solution using html,css,firebase and a chatbot to streamline patient record management, appointment scheduling, and more

• Student Management System (SMS)

Designed and implemented a system for efficient data management of student records for the college.

• Automated CIS Benchmark Auditing Tool

Developed an auditing tool for Windows and Linux systems that ensures compliance with CIS benchmarks, enhancing system security posture.

• UI/UX Design in Figma

Designed various UI/UX interfaces, demonstrating an eye for detail, user experience, and design efficiency.

04

ACHIEVEMENTS & EXPERIENCE

- Achieved Level 9 on TryHackMe, ranking in the top 6% of cybersecurity learners.
- Led teams in the Smart India Hackathon, promoting innovation and teamwork.
